## **A WALK OF THE LAND**

THE ISRAEL NATIONAL TRAIL

by **UDIGOREN** 

### **See and Experience Israel as Never Before**

A personal crisis invoked by the 2014 war in Gaza motivated photographer Udi Goren to set out on a two and a half month journey along the Israel trail, a 700-mile long trek stretching from Israel's Lebanese border all the way south to Eilat, on the Egyptian border. It is world-renowned as one of the world's best and toughest long distance hikes. Udi will allow us to experience Israel outside of the headlines and the friction and to hear first hand about his physical and mental journey from despair to a newly found hope. Udi Goren is the first professional still photographer to have walked and documented the trail in its entirety and you will experience it all in this engaging presentation. Israeli food will be served.
